THEY'RE PROTECTED—Through diphtheria-tetanus immunization clinics now under way in Manitowoc County, rural youngsters are receiving "shots" to prevent illness. Typical of the clinics is the one held Monday at Mishicot where Dr. Charles Skwor is about to administer vaccine to Allan Robinson, 4. His brother, Verlyn, 8, is being prepared for the shot by Mrs. Violet Zmeskal of 1126 North Fifth St., Manitowoc, a nurses assistant. At the left County Nurse Helen Larson of Manitowoc loads needles. The Robinson children are sons of Mr. and Mrs. Edwin Robinson of Rt. 2, Two
